Make It Stone produces a beautiful, stone-textured look on almost any surface. It's great for use on lamps, planters, pottery, picture frames, and even furniture.

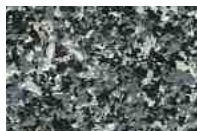

The simple two step process is quick and easy. Start by applying Make It Stone, then finish with Make It Last clear coat sealer (strongly recommended for metallic finish).

Note — Use this color chart as an approximation of the real color. If exact color matching is necessary, use actual samples of the materials.

- Dry to touch in 30 minutes, Dry to handle in 5-6 hours.
- For use with wood, metal, wicker, plastic, glass, craft foam, ceramic, paper

Ironlak®

TECHNICAL DATA SHEET 2010

GENERAL INFORMATION.

Ironlak 400ml cans were the first cans made for aerosol art in Australia. They've become world known for their coverage, bright colours, crisp control and value for money. These cans can be used for indoor and outdoor application and are made from the highest quality raw materials. The finish is gloss and the paint can be used for a variety of purposes and on all surfaces. The paint formulation has been developed with the user and environment in mind and contains less VOC's than its counterparts.

FEATURES.

- Highest coverage available
- Gloss finish
- Variable pressure
- Fast drying
- Good hardening
- Excellent flexibility
- Strong adhesion
- Does not contain lead or any other heavy metals
- Easy to apply and repaint
- Good resistance to the elements
- High UV stability (refer to colour chart)

APPLICATIONS.

Ironlak can be used for a wide variety of applications and on almost any surface. Because of its superior coverage it can be easily applied to timber, concrete, steel and brick, its levelling properties make it ideal for canvas and pottery.

- Aerosol Art
- Household / DIY
- Industrial
- Fine art
- Hobby and craft enthusiasts

FOR OPTIMAL USE.

- Shake the can vigorously for at least one full minute once the ball begins to rattle, but two minutes for optimal performance
- Apply on a clean, dry surface free from dirt and dust
- For best finish apply three light, even coats. However when time does not permit, the colour will cover perfectly in one thick coat.
- After use, turn the can upside down and depress the nozzle until only propellant is sprayed from the can thereby clearing the nozzle and valve.
- Use protective mask and gloves during use.
- Store in a cool, dry place away from direct sunlight.

PROPERTIES.

Pressure: Low and high pressure system.
Propellant: DME.
Resin: Modified acrylic resin.
Colour: Refer to below colour chart.
Gloss Level: 70% gloss.
Dry time: Ten minutes touch dry.
Adhesion: 0 B.
Thickness of dry layer: 18 microns / layer.
Theoretical yield (painted continuously): 2.2 m² for 400 ml aerosol.
Solvent: AVT Paints Solvent system (Refer to Ironlak MSDS for further details - www.ironlak.com/msds).
Shelf Life: Two years from production date on the bottom of the can.
Optimal Application Temperature: Minimum recommended Temp is 5°C, maximum temperature is 35°C.

LPL 1045

The Ironlak Cyclon Fat cap is the standard Reload can cap. The cap is fat and wide spray cap that allows for maximum coverage with limited time. With crisp spray edge, this cap allow you to fill area with little no to overspray giving you more control of your fill. Spray Width: 7.0-12cm

LPL 1046

The Ironlak Window Maker cap is ultra fat cap. Which given fat line with no overspray to specific area where are no intention to be covered. Spray Width: 6.0-10.0cm

LPL 1047

The Ironlak New York Fat cap is the most common fat cap. Cap is perfect for filling and wide line. Spray Width: 3.0-7.0cm

LPL 1048

The Ironlak Vegan spray cap is the new standard Ironlak thin cap. It give nice thin crisp lines with to no overspray or blurring. A ridged top and sharp edges allow for a better grip while spraying. Spray Width: 1.5-4.0cm

LPL 1049

The Ironlak Sharp Shooter Super Skinny cap is ultra thin file line . It give you the ability to create ultra thin line with little no to overspray or blurring. Spray Width: 1.0-1.3cm

**ACR 0319-4
160Z GRAFFITI REMOVER**

CRC Graffiti Remover is a solvent based, high strength cleaner that remove vandal from different type of surfaces. It quickly dissolves and aids in the remover of paint, pen marker, crayon, ink, lipstick, scuff marks, lacquers and varnish. Which contain no methylene chloride.

- Aggressive and vandal mark remover .
- Gelled formula, great for use on vertical surface.
- Easily remove multi layered or painted over graffiti.
- Protect equipment surface.
- NSF C3 registered.

**ACR 1407-7
120Z MINIMAL EXPANSION FOAM**

Polyurethane foam designed to fill, seal, bond, insulate and deaden sound and around crack and cavities.

- It form a permanent water proof and air type bond to masonry, wood, glass and metal & plastics.
- Stops drafts, moisture, insect and rodents.
- When cured, foam can be sanded, painted and stained.
- Low expansion formula expand 50% when fully cured.

**ACR 1444-0
200Z FOAMING CITRUS ALL PURPOSE CLEANER**

Rich, foamy, aqueous based cleaner with a citrus scent. Which cling to tough, stubborn stain on vertical and inverted surface without runs or drips.

- It foamy action instantly begin to lift off and eliminate dirt, dust, ink and grime deposits.
- Non flammable.
- Biodegradable and butyl free.
- Safe on most plastic. Non corrosive and non abrasive.
- NF C1 registered for use in meat and poultry plant.

**ACR 3016
160Z METAL MATE (METAL CLEANER)**

Quickly and effectively restore all bright metal. Use to clean and polish brass, chrome, aluminum, nickel, silver, stainless steel, copper, bronze and pewter.

- Long lasting protection.
- Use to clean and polish all sort metal material.
- Contain no harsh abrasive .

**AST 0301-8
16.250Z SPRAY ADHESIVE**

General purpose quick tack adhesive specially formulated to bond to many foil, plastic, paper, foam, metal cardboard and cloth.

- Application to labeling box and machinery, sealing and resealing box and packaging for shipment.
- Hanging insulation, repair of furniture and display material as well as general interior maintenance.
- Color: white liquid.
- Flammable.
